**AQU**

## Contingency plan

- Protect health of AQU staff.
- Activities continue to operate.
- Comply with instructions issued by the Government.

## Higher Education System

- Support and guidance
- Safeguarding students' rights

*Regular  
teaching*

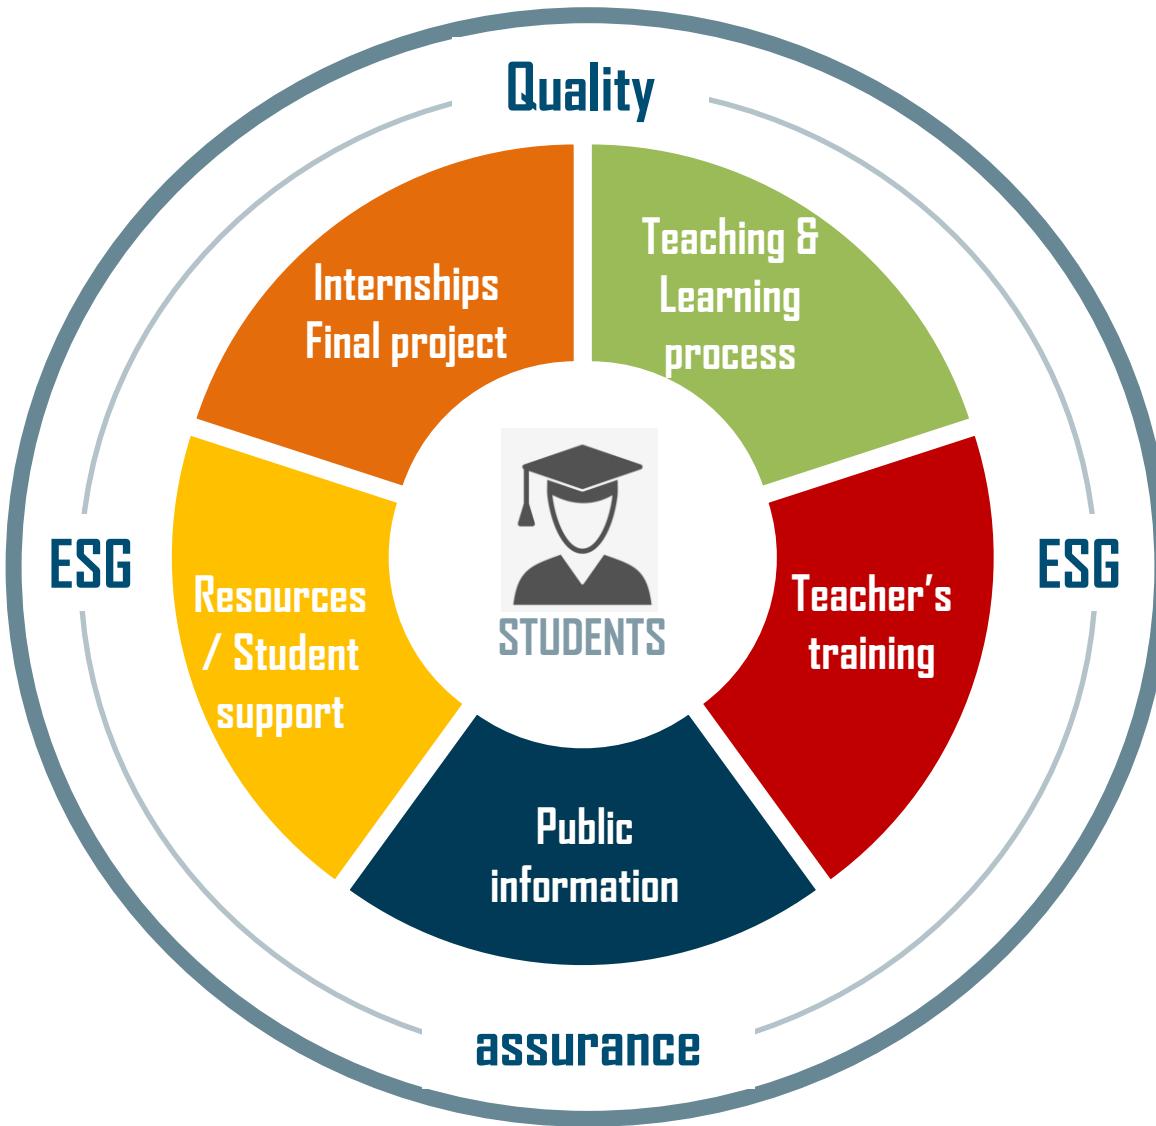

*Emergency remote  
teaching*

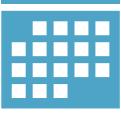

*Exceptional  
teaching*

## *Adaptation of teaching and learning process*

- Limited in time.
- It is not a transformation of on-site universities.
- Definition of new concept to differentiate from distance learning.

01	02	03	04
			
<b>Review procedures</b> <i>Continue normal</i>	<b>Time limits</b> <i>Defer the time limits for submission and resolution</i>	<b>Meetings</b> <i>Review committee meetings are to be held online.</i>	<b>Remote procedures</b> <i>Adaptation of procedures that can be undertaken remotely with full safeguards for institutions and quality assurance</i>

- **Clear and concise instructions**
- **HEI for more accompaniment**

- **Adaptation**
- **Guarantee confidentiality in interviews**
- **Robust and easy-use system for teleconferences**

## In general

- Management of uncertainty.
- Institutional concern: teaching and learning process & external review procedures.
- Safeguarding the rights of students.
- Ensuring the same quality of the assessment.
- Loss of personal contact.

## AQU point of view

- Responding quickly and precisely to the needs of the HE system.
- Designing an efficient QA review procedure (avoid workload).
- Need to replan QA procedures quickly and smoothly.
- New format for site visits
- Health Sciences (accreditation).

## BEGINNING **TO END**

**Universities were a little bit sceptical** with the new format and worried about the possible impact of the procedure on the result of the programme accreditation.

**This perception has changed** after having the experience and **they show their satisfaction** to AQU Catalunya through informal channels.
