Value proposal to our departments

- Dissemination
- Implementation
- Application and grant writing support
- Upstart & match making
EUROTECH UNIVERSITIES ALLIANCE

A strategic partnership of leading European Universities of Science & Technology committed to excellence in research and developing solutions to the grand challenges of society.
FEATURES OF THE ALLIANCE

1. Promoting in-depth collaborations across education, research and innovation
2. Maximizing mutual collaboration through EU opportunities
3. Providing high quality input to policy, bringing technical solutions to society
Collaboration across the value chain

EDUCATION
- Student exchange
- 1:1 MSc programmes
- PhD course database
- Joint PhD supervision
- Summer schools

RESEARCH
- Strategic focus areas
- Workshops and proposals
- EU funding
- EuroTech Postdoc COFUND

INNOVATION
- European Venture Programme
Strategic partnerships
- Lessons learnt

Shared values and goals
- what is the business plan?
- part of ambition to develop as an institution

Value creation
- complementary competences
- long term perspective demands focus and “institutional patience”

Continued development effort
- You do not manage strategic partnerships, you develop them

Strategic focus
- You need to be strategic about it:

National, European and international agendas
