

Towards an interconnected EHEA by 2030

The potential of (and issue with) digitalisation

The DIGI-HE project

1. Erasmus+ co-funded (2020-2023)
2. Survey report ["Digitally enhanced learning and teaching in European higher education institutions"](#) (2021)
3. Thematic Peer Group report ["International partnerships"](#) (2022)
4. Final report ["The future of digitally enhanced learning and teaching in European higher education institutions"](#) (2023)
5. Covered virtual mobility and international collaboration

Delivery modes

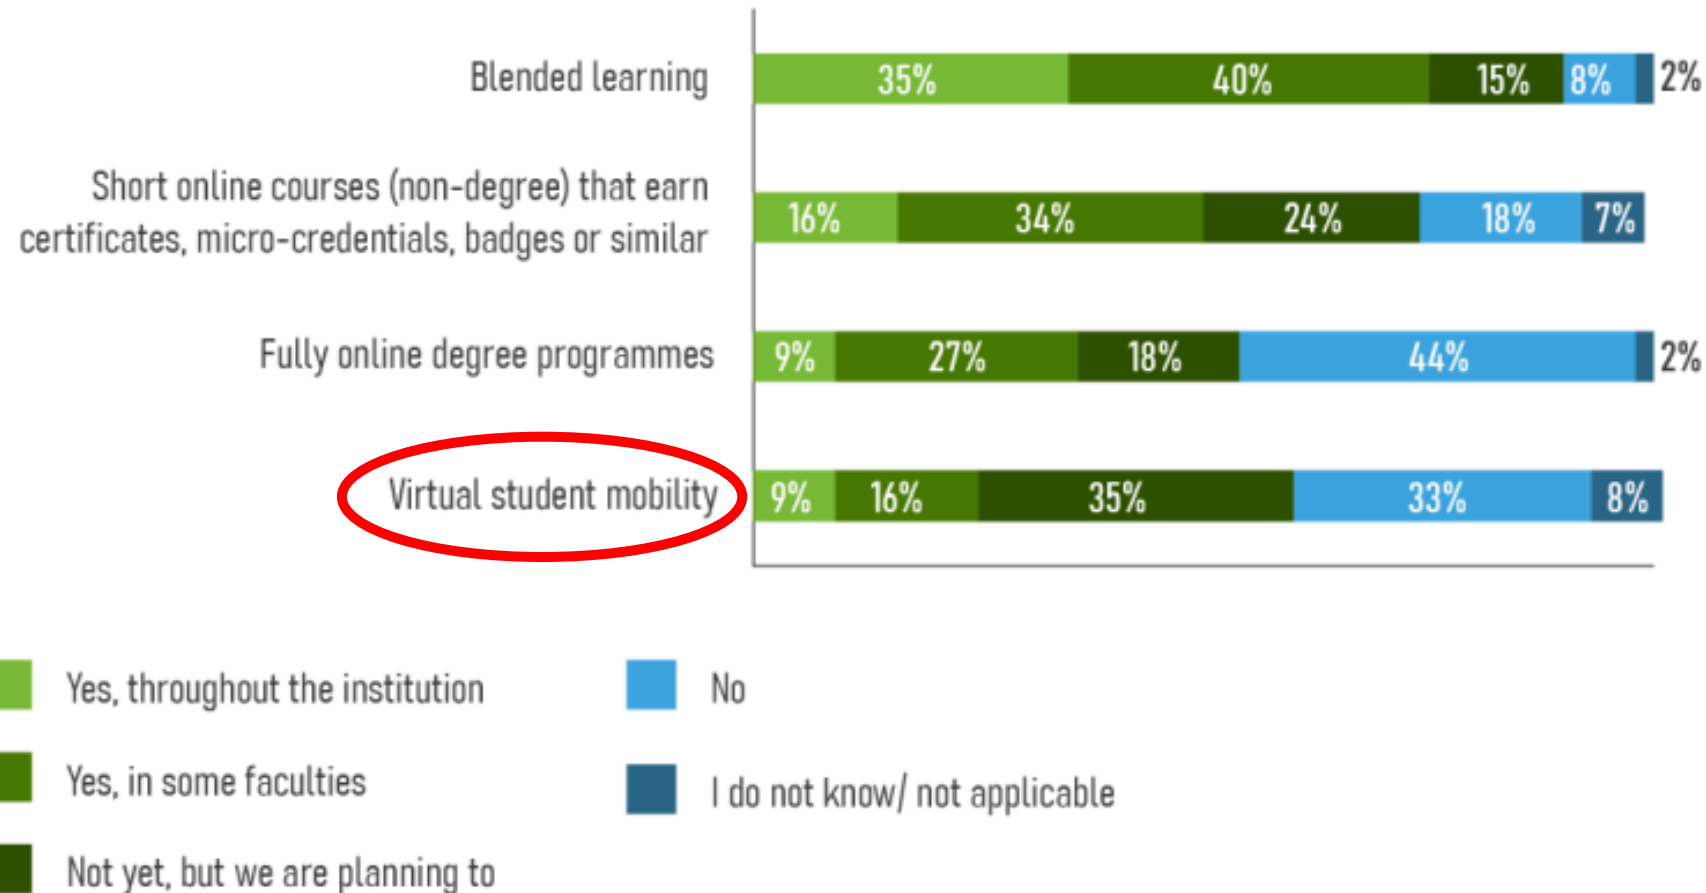

Figure 6 Q19: Does your institution offer the following delivery modes? (please select one option for each item) n= 363

Digitalisation as a strategic development priority over the next five years

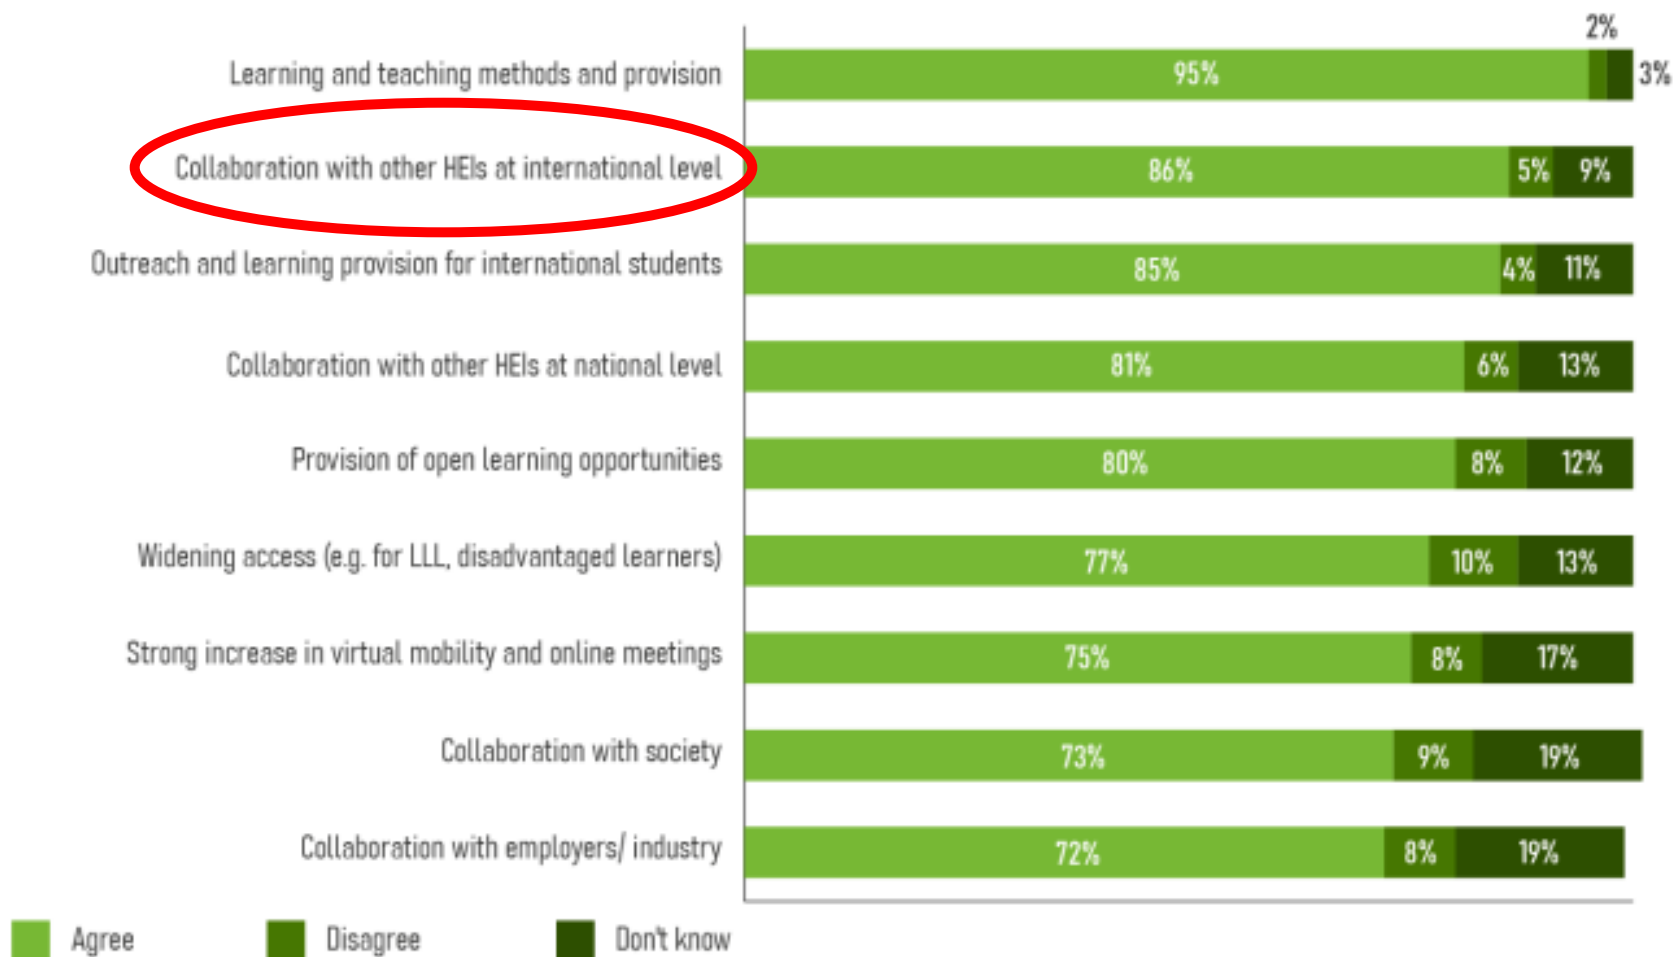

Figure 24 Over the next five years, will your institutions emphasise digitalisation as a strategic development priority in: (please select one option for each item) n= 363

Key issues

1. Impact of Covid-19 pandemic
2. Interoperability (e.g., of learning management systems) vs national regulations (e.g., bans of particular learning platforms)
3. Exchange of data vs data and privacy protection (e.g. in Collaborative Online International Learning)
4. Open Access Resources
5. Digital skills, digital poverty

Top three barriers to digitally enhanced learning and teaching

Figure 27 Q14: What are the top 3 barriers to digitally enhanced learning and teaching at your institution? (please select your top three choices) n= 368

MAIN ENABLERS, BARRIERS AND USEFUL MEASURES

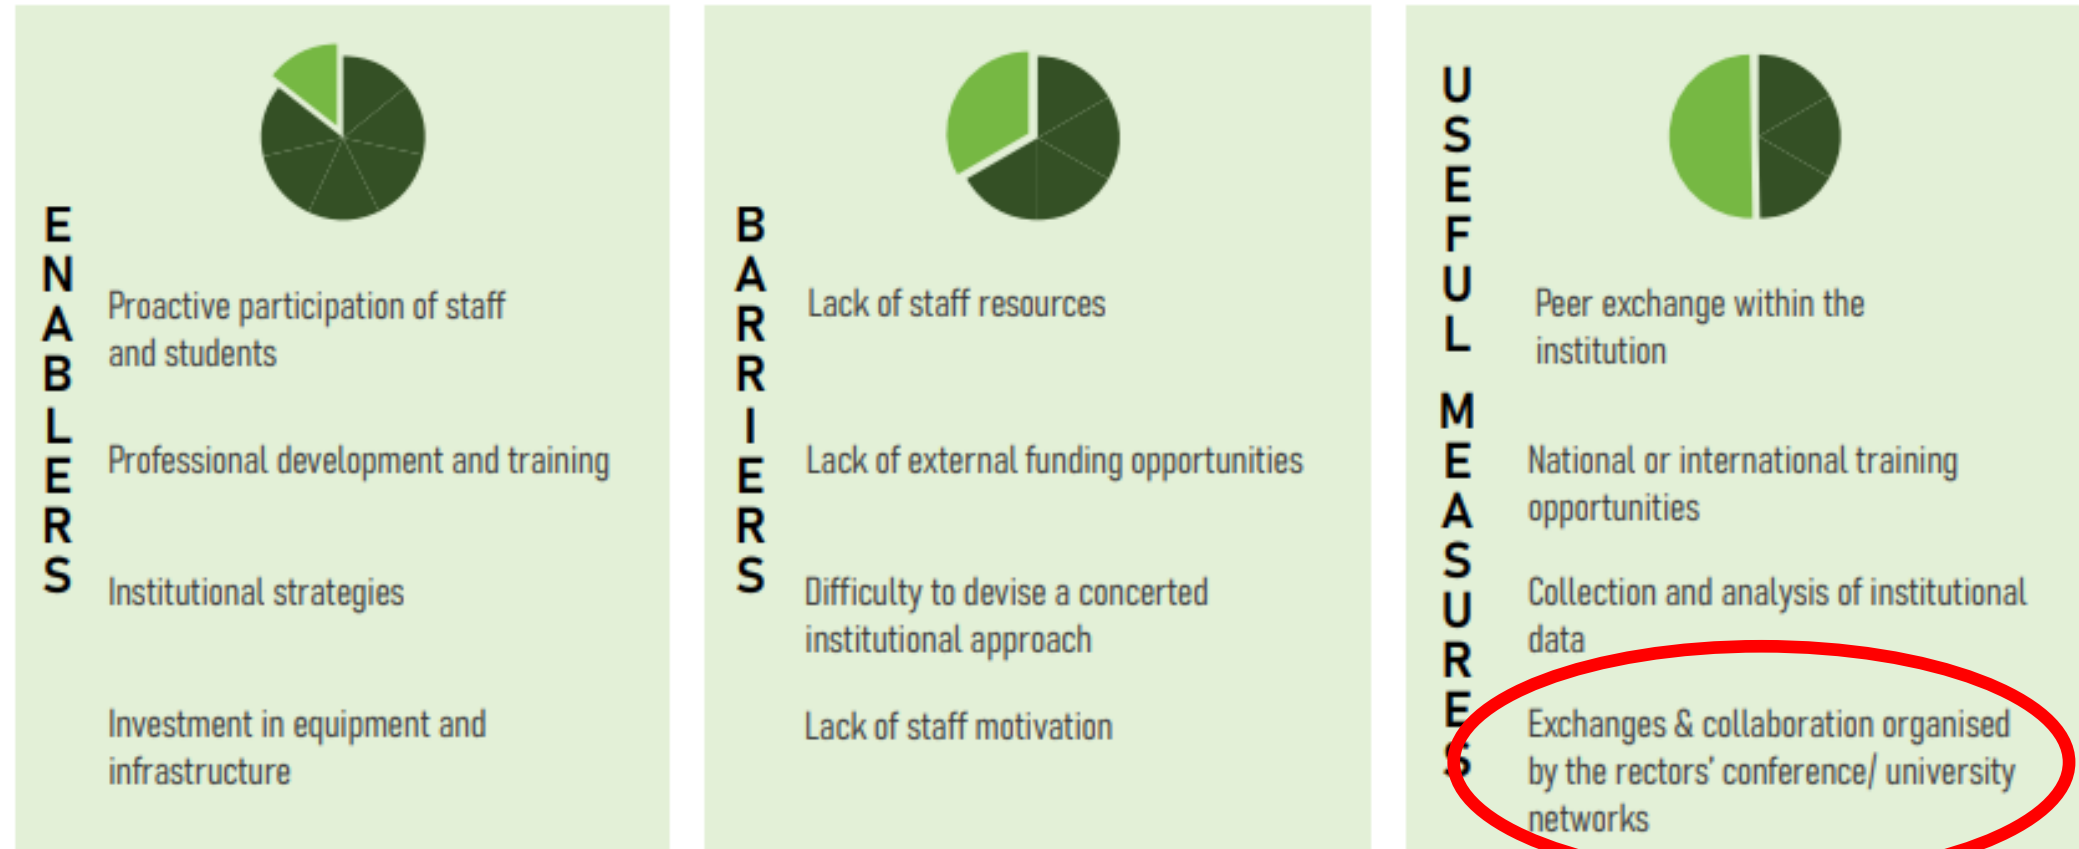

Figure 4 Survey on digitally enhanced learning and teaching in European higher education institutions (2020); Q13: What are the top 3 enablers of digitally enhanced learning and teaching at your institution?; Q14: What are the top 3 barriers to digitally enhanced learning and teaching at your institution?; Q35: What measures have been useful for improving digitally enhanced learning and teaching at your institution? N=368
