

Building FAIR Foundations

UHASSELT

Dr. Ulrike Kenens (Hasselt University, Belgium)

KNOWLEDGE IN ACTION

1. Regional context

Establishing FOSB - FRDN

Starting off in 2020, a network of 36 Flemish research performing organizations that work together on Open and FAIR data.

Committed to invest

Governmental funds, supplemented with institutional means.
Collaboration is encouraged, yet not imposed.

Towards Open Science in Flanders

Three key pillars

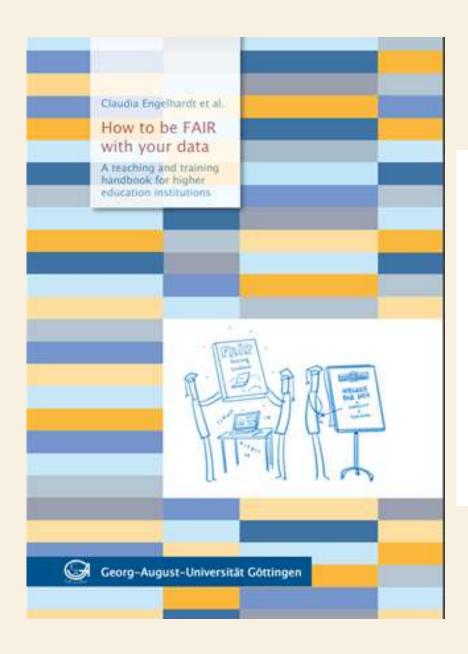

Infrastructure Policy People

Data stewards @ Hasselt University

One-on-one discipline-specific support Technical guidance Development of training programme

2. Theoretical framework

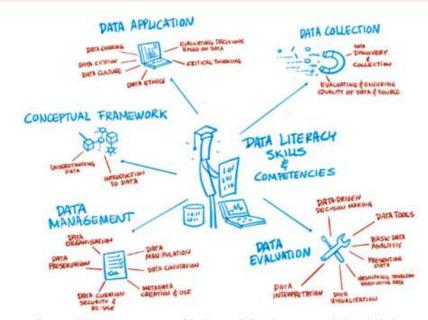

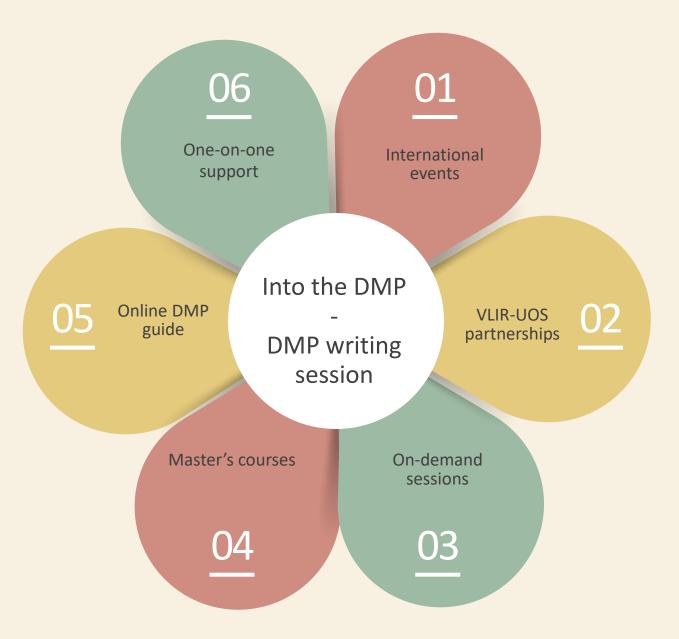

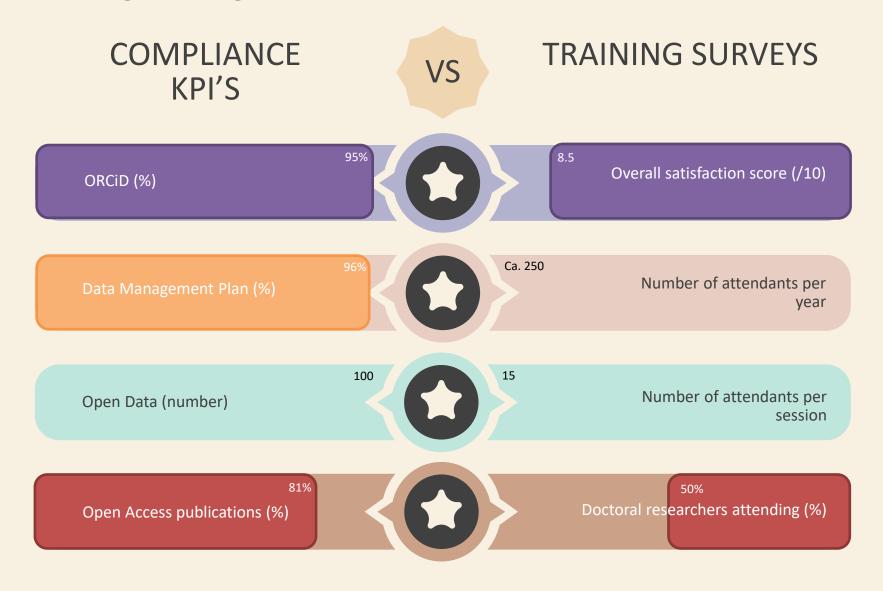

Figure 1: Schematic representation of data literacy skills and competencies by Patrick Hochstenbach, based on Guler (2019, p. 15), originally adapted from Ridsdale et al. (2015, p. 38).

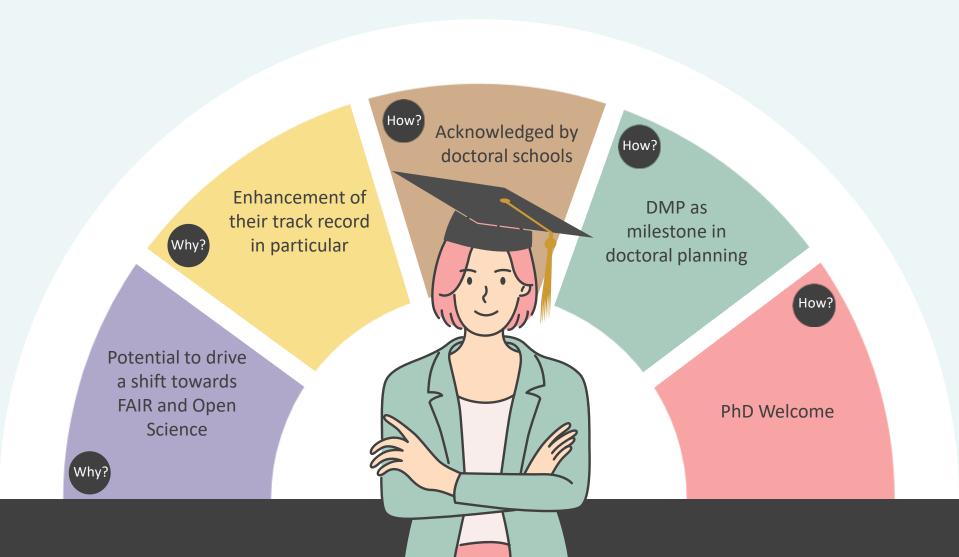

3. Presenting our training offer regarding RDM

4. Presenting some figures

5. Fostering the uptake of RDM by targeting doctoral researchers

6. Future developments and food for discussion
