

Introduction

Thank you for your interest in the #HE4UA initiative on “Supporting higher education in Ukraine: university responses to the war”, a survey undertaken by the EUA. The initiative is launched along with [EUA Recommendations on Supporting the Ukrainian University Sector](#).

The aim of the initiative is to collect and share information on support measures to the Ukrainian higher education system, undertaken by various actors (higher education institutions, organisations and networks, ministries etc.) including on funding opportunities, foster exchange of good practices and enable synergies and cooperation. Furthermore, EUA wishes to encourage future collaboration and peer learning on supporting Ukrainian higher education among its members and partners.

Filling the questionnaire should take about 10 minutes. You can just share your initiative, or also indicate whether you are in principle interested in receiving information and/or being contacted for events and collaboration opportunities.

Currently, we are collecting information on initiatives undertaken by institutions and organisations linked to the **tertiary education sector worldwide**. The collected information will be made available by autumn 2023 and regularly updated with new initiatives.

Once submitted, the information entered in the survey cannot be edited. In the event that you would like to update the information that you have submitted, or if you have any queries regarding the survey, please contact us at hepu-surveys@eua.eu. If you would like EUA to promote an upcoming call for participation or similar, please send us the necessary information via email at hepu-surveys@eua.eu.

Survey

1. Institution/organisation name: *(Please provide the official name in the English language.)*

2. Location: *(Please select the country from the dropdown menu)*

2.1. Please specify:
